Re: Required Submission of Information
Safety Light Corporation Superfund Site
Bloomsburg, Pennsylvania

SDMS DocID 2197030

ORIGINAL

Dear Mr. Dunn:

The U.S. Environmental Protection Agency ("EPA") is seeking information concerning a release, or the threat of release, of hazardous substances, pollutants or contaminants into the environment at the Safety Light Corporation Site, which is a former manufacturing facility occupying approximately 2 acres of a 10-acre property adjacent to the Susquehanna River off Old Berwick Road, Bloomsburg, Columbia County, Pennsylvania (hereafter known as the "Site" or "Facility"). This information request addresses all periods of ownership and operation of any of Safety Light's predecessor or affiliated companies including, but not limited to, U.S. Radium Corporation, Lime Ridge Industries, Inc., USR Industries, Inc., USR Metals, Inc., Metreal Corporation, Isolite Corporation, U.S. Natural Resources, Inc., USR Chemical Products, Inc., USR Lighting Products, Inc., UNATCO Funding Corporation and Shield Source Incorporated. Safety Light Corporation most recently used tritium in the manufacture of self-illuminated signs. Past disposal practices at the Site have resulted in the release of radionuclides including, but not limited to, Radium 226 and tritium into on-site soils and groundwater.

Documents obtained from the Site suggest that a business arrangement existed between the Safety Light Corporation and Sealright, which is believed to be a corporate predecessor to Huhtamaki, Inc. Based on these documents, EPA believes that Huhtamaki, Inc. may have arranged for the disposal of items containing radionuclides at the Safety Light Site. These documents, which may assist you in your research, are enclosed with this letter.

Pursuant to the authority of Section 104(e) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. Section 9604(e), EPA has the authority to require Huhtamaki, Inc. (the terms "you," and "Respondent" and Sealright mean Huhtamaki, Inc., hereinafter "Huhtamaki") to furnish all information and documents in your possession, custody or control, or in the possession, custody or control of any of your employees or agents, which concern, refer, or relate to hazardous substances as defined by Section 101(14) of CERCLA, 42 U.S.C. Section 9601(14), and pollutants and/or contaminants as defined by Section 101(33), 42 U.S.C. Section 9601(33), which were transported to, stored, treated, or disposed of at the above-referenced Facility. Please provide the specific information set forth below, under "Information Requested," for the time period 1945 to the present. EPA recognizes that this request spans a significant period of time and appreciates your cooperation.

Section 104 of CERCLA authorizes EPA to pursue penalties for failure to comply with that section or for failure to respond adequately to required submissions of information. In addition, providing false, fictitious, or fraudulent statements or representations may subject you to criminal penalties under 18 U.S.C. Section 1001. The information you provide may be used by EPA in administrative, civil, or criminal proceedings.

Instructions for responding to this required submission of information follow:

INSTRUCTIONS

If you fail to provide a detailed response, EPA may deem your response to be insufficient and thus a failure to comply with this Information Request, which may subject you to penalties.
3. Precede each response with the number of the question or subpart of the question to which it corresponds. For each document or group of documents produced in response to this Information Request, indicate by the number of the specific question(s) or subpart of the question(s) to which it responds.

Those terms shall have the meaning set forth in Enclosure 2 any time such terms are used in this Information Request and/or its Enclosures.

EPA may contract with one or more independent contracting firms (See Enclosure 3) to review the documentation, including documents which you claim are confidential business information ("CBI"), which you submit in response to this information request, depending on available agency resources. Additionally, EPA may provide access to this information to (an) individual(s) working under (a) cooperative agreement(s) under the Senior Environmental Employee Program ("SEE Enrollees"). The SEE Enrollee(s) is working under a cooperative agreement that contains a provision concerning the treatment and safeguarding of CBI. The individual SEE Enrollee has also signed a confidentiality agreement regarding treatment of CBI. Pursuant to Section 104(e)(7) of CERCLA, 42 U.S.C. § 9604(e)(7), and EPA's regulations at 40 C.F.R. § 2.310(h), EPA may share such CBI with EPA's authorized representatives which include contractors and cooperators under the Environmental Programs Assistance Act of 1984. (See 58 Fed.Reg. 7187 (1993)). If you have any objection to disclosure by EPA of documents which you claim are CBI to any or all of the entities listed in Enclosure 3, you must notify EPA in writing at the time you submit such documents.
